

**REAL ESTATE DEVICE LIST
 EPA-Certified Woodstoves
 Fairbanks North Star Borough PM_{2.5} Nonattainment Area**

- Effective June 9, 2017 -

This document lists all EPA-certified wood-fired woodstoves that are exempt from the requirement to remove or replace a wood-fired heating device inside the nonattainment area upon the sale, lease, or conveyance of the property where it is installed. Only wood-fired woodstoves that appear on this list are not required to be removed or replaced before the sale of the property where they are installed is sold, leased, or conveyed.

The Environmental Protection Agency (EPA) has redesignated the PM_{2.5} Nonattainment Area from 'moderate' to 'serious.' EPA proposed the redesignation on May 10, 2017. See: [federal register notice](#).

More information on the [Real Estate Measure](#) is available online

New Installations must meet current emission standards

More information on [emission standards](#) is available online

| Manufacturer Name | Model Name | Annual Avg Emission Rate (grams/hr) | Heat Output (BTU/hr) |
